The Algae Biomass Organization has announced that early bird registration is now open for the **2025 Algae Biomass Summit** to be held at the Arizona State University campus **October 19-21, 2025**.

DES MOINES, Iowa- The Algae Biomass Organization has announced that early bird registration is now open for their members for the **2025 Algae Biomass Summit** to be held at the Arizona State University campus at the memorial union on October 19-21, 2025.

Algae Biomass Organization members can now register early taking advantage of the \$200 savings. Non-members have the opportunity to participate in the Early Bird Summit and Membership sale going on NOW! This discount will be available until May 31st. Not a member? Join today at [www.algaebiomass.org](http://www.algaebiomass.org).

Also new this year, students will now receive an annual membership with purchase of a student registration ticket.

**The 2025 Algae Biomass Summit providing Student/Academic Participation Opportunities** in a special collaboration with all aspects of the algae industry. This year's summit will consist of a single-track allowing for speakers to reach larger and more diverse audiences! This is your chance to share research, technology or commercial developments with the algae industry's leaders, investors, business development executives and policymakers. In addition, abstract submitters will receive special discounts to the summit.

Members can go to <https://abo.wildapricot.org/2025-ABS/> to register now.

Non-Members can go to:

<https://algaebiomass.org/membership/prospective-member-information/membership-levels-benefits/>  
to participate in the Early Bird Membership & Summit Sale

#### About the Algae Biomass Organization

The Algae Biomass Organization (ABO) is a 501(c)(6) non-profit whose mission is to promote the development of viable commercial markets for renewable and sustainable commodities derived from algae. Its membership is comprised of people, companies and organizations across the value chain. More information about ABO, including its leadership, membership, costs, benefits and members and their affiliations, is available at the website: [www.algaebiomass.org](http://www.algaebiomass.org).
